The BBCM Foundation is proud to announce that the 2010 Black & Blue Festival of Montreal has just won three prestigious awards for its 20<sup>th</sup> anniversary.

In addition, the Black & Blue Festival has also won the award of the ***International Party of the year by Edge Awards of New York*** (<http://www.edgeonthenet.com/awards>).

Furthermore, the BBCM Foundation also received, during the 2010 *Gala Phenicia*, the **Tourism Award** from the ***Gay Chamber of Commerce of Quebec (GCCQ)*** because of its role in organizing a top tourism activity specifically for the gay and lesbian community.

The BBCM Foundation wishes to sincerely thank its associates and attendees, because without them, the 2010 Black & Blue Festival would not have been such an amazing and spectacular success.

We hope to obtain as much success for our 21<sup>st</sup> Black & Blue Festival entitled "BlackJack-21", which will take place in Montreal, Canada from October 5 to 11, 2011.

We are working again to produce this enormous event attended by many Canadians and international visitors from around the world.

We want to thank you, in advance, for your partnership and participation!
